Shotgun Messiah

who will be your saviour
baby, who you gonna trust
come, let me deprave you
be a martyr for my lust

want you all the time
oh, have I got something for you
want you from behind
anything you wanna do
want you sixty-nine
oh, no

hot and alive I'm coming inside
wishing we could burn forever

sex
sex

love has got a rhythm
and it doesn't miss a beat
flesh for absolution
tie me up and set me free

want you all the time
man, have I got something for you
want you from behind
anyhting you wanna do
want you sixty-nine
oh, no

hot and alive I'm coming inside
wishing we could burn forever

sex
baby, suffer some for me
sex
gotta walk the edge to see
sex
give me sweet humility
sex

minutes turn to hours
hours turn to days
descend into oblivion
heaven sen ablaze

(solo)

hot and alive I'm coming inside
wishing we could...

sex
baby, suffer some for me
sex
gotta walk the edge to see
sex
give me sweet humility

sex
suffer some for me

sex will be your saviour
baby, who you gonna trust
sex, let me deprave you
be a martyr for my lust

sex has got a rhythm
and it doesn't miss a beat
sex for absolution
tie me up and set me free
