

## Fall Hard

### Shout Out Louds

Gimme a second to tell you  
Gimme  
To smoke a Belgian cigarette

I know is not forever  
Is not god to star  
Next to a European monument  
Driving a joy on the ground highway

If you fall hard,  
I fall harder if you fall hard,  
I fall harder  
If you gonna break your sneak break  
I pick up the pictures and mistakes

Gimme a secret and I tell you  
I need memories to see for others  
And I know is not for ever is no go to start to

If you fall hard,  
I fall harder if you fall hard,  
I fall harder if you gonna break your sneak break  
I pick up the pictures and mistakes

Fall in love to postcard,  
Fall in love moving card from your town if you fall hard,  
I fall harder if you fall hard,  
I fall harder if you gonna break your sneak break  
I pick up the pictures and mistakes
