## **Shout Out Louds**

I got a lift home, I thought I was already on But I get stuck in traffic Yes, I get stuck in traffic If you know what I mean If you know what I mean

Between a second, again, or third drink My icy cough, I'm not very interested My cold set higher Higher than you

It was the smoke in my eyes That made me want to cry But I don't think you believe me It was the smoke that set off the fire alarm I was at the bar, no crashing a car But I don't think you believe me, do you? Everyone's watching, so try to act (cool)

I read a manuscript, I read the older book I think I bought every, every issue I made a wrong investment, if you know what I mean

I think I loved you, I think I told you so And after ten drinks this is what I meant to tell you Uh huh huh huh huh if you know what I mean
