

White Suzuki

Shout Out Louds

This is where I want to be
100 percent
Can't take anything for granted

Stay in tune with it
Gotta live life like a feather
Levitate

This is where I want to be
100 percent

Oh I can feel it coming
Hits me like a hammer baby, bang bang
Oh wanna live in the moment
Hits me like a hammer baby, bang bang
Oh I can feel it coming
The harder it hits the better it feels

Driving at night
White Suzuki
Sharing dreams in the backseat
Drifting slowly
Gotta live life like a feather
Levitate
This is where I want to be
100 percent

Oh I can feel it coming
Hits me like a hammer baby, bang bang
Oh wanna live in the moment
Hits me like a hammer baby, bang bang
Oh I can feel it coming
The harder that it hits the better it feels
The harder it hits the better it feels
The higher the speed the faster the wheel
The later it gets I'll never get real

I see your face in the rearview mirror
You're driving with your eyes closed
You must know your way around here
But I don't care if we get lost

Gotta live life like a feather
Levitate
Gotta live life like a feather
Levitate
Gotta live life like a feather
Levitate
Gotta live life like a feather
Levitate
