

## '68 Teenage Queen

Showaddywaddy

Go out with the boys, I said I'll be alright Mama  
She'll never let me go to far  
The man on the stage plays a way out piano  
My brother's sitting in on guitar  
Shifty in the corner says, "For heaven's sake - you drive that  
girl to far"

She was a '68 teenage queen  
The prettiest girl I've ever seen  
A movie star in a great big car  
A '68 teenage queen

A man comes over, looking like a robber  
She'll never let me go to far  
Keep outta trouble, don't burst your bubble  
She'll never let me drive her car  
Shifty in the corner says, "For heaven's sake - you drive that  
girl to far"

She was a '68 teenage queen  
The prettiest girl I've ever seen  
A movie star in a great big car  
A '68 teenage queen
