Feelin'

Showaddywaddy

Feelin' girl inside of me, tellin' me we're going wrong
Put it down – I'm telling you I don't want hang on too long
Time to realise the fact all the good's gone bad
One of these days I'm gonna have to see ya lookin' mighty sad

Feelin' – got a feelin' – got a feelin'
Feelin' bad

Days have come and days have gone – I've wasted them with you
I don't need cupid standin' by tellin' me what to do
People ask me if I'm alright livin' by myself

All the same I wish I was somebody else

Feelin' – got a feelin' – got a feelin'
Feelin' bad

Days have come and days have gone – I've wasted them with you
I don't need cupid standin' by tellin' me what to do
People ask me if I'm alright livin' by myself
All the same I wish I was somebody else

Feelin' – got a feelin' – I got a feelin'
Feelin' bad

Feelin' – got a feelin' – I got a feelin'
Feelin' bad
