

Party time

Showaddywaddy

Well it's Saturday night
so let's have a party
hey hey
(hey hey what do you say)
Let's get together
now forget all your troubles
ho ho
(ho ho what do you know)
Don't give a hoot
what the landlady thinks
We got some records
and we got us some drinks
We got a life
though we ain't got a dime
Let's have a ball
'cos it's party time

We're gonna stomp stomp stomp
stomp our feet
Come on and clap clap clap
start a beat
Come on and shout shout shout
on top of it
We'll make the best of it

I get the message
I know what you mean
oh yeah
(hey hey know what you mean)
So play that music loud
on that record machine
(ho ho record machine)
Oooh the finance company
man has been
He took the chairs
and he took the t.v.
But don't you worry
that ain't on my mind
Let's have a ball
'cos it's party time

We're gonna go go go
tell our friends
We're gonna let them know
when the party begins
And we'll have fun fun fun
you can bet
We'll make the best of it

Hey hey, we really caused a scene
(hey hey caused a scene)
Sure did now I know
what you mean
(ho ho know what you mean)
Oooh everyone here is having a ball
Their even dancing out in the hall
The landlady said the music's too loud

But when she saw the fun we had
she joined the crowd

And she said stomp stomp stomp
stomp your feet
Come on and clap clap clap
start a beat
We're gonna shout shout shout
on top of it
We'll make the best of it
