

Sweet And Innocent You

Showaddywaddy

Sweet and innocent you
I love you more than words can say - oh
Sweet and innocent you
I wonder if you'll stay that way, my own sweet and innocent you
All I've to do is to go on loving you
That ain't a hard thing to do, just loving you (just loving you
)
Gee ain't it strange funny how a life can change
I was down and now I feel just like brand new (like brand new)
Sweet and innocent you
I love you more than words can say - oh
Sweet and innocent you
I wonder if you'll stay that way, my own sweet and innocent you
(instrumental)
