

Sweet Little Rock n Roller

Showaddywaddy

You looked at me
I knew right away that your the kind of girl I need
Now, now I see
That everything's all right, your always giving me the lead

Oh whoa feeling like I do
I could dance all night and day
Oh whoa feeling like I do
I could dance my life away

Baby like to rock, baby like to roll
Baby like to rock and roller
Feeling is fine now I know that you're mine
'Cause I feel like a rock and roller
Baby take a chance, baby come and dance
Sweet little rock 'n' roller
Music's alive while I'm making a jive
Sweet little rock 'n' roller
Rolling on down (rolling on down)

It's two o'clock
You're still going strong, you said that you don't wanna go home
You want to rock
Well baby I'm with you, I wouldn't leave you here alone

Oh whoa feel a little luck I do
I can dance all night and day
Oh whoa feel a little luck I do
I could dance my life away

Baby like to rock
Baby like to roll
Baby like to rock 'n' roller
Feeling is fine now I know that you're mine
'Cause I feel like a rock 'n' roller
Baby take a chance
Baby come and dance
Sweet little rock 'n' roller
Music's alive while I'm making a jive
Sweet little rock 'n' roller
Rolling on down

Baby like to rock
Baby like to roll
Baby like to rock 'n' roller
Feeling is fine now I know that you're mine
'Cause I feel like a rock 'n' roller
Baby take a chance
Baby come and dance
Sweet little rock 'n' roller
Music's alive while I'm making a jive
Sweet little rock 'n' roller
