

Then Came You

Showaddywaddy

Well I'd had my share of heartaches
And they left me feeling numb
But I kept on saying to myself
That the best was still to come
I'd had my share of losing
But I can't take losing you.

I never wanted for anything in my life
But you came right out of the blue.
I never wanted for anything in my life
Oh no
Then came you.

Well I cried my share of teardrops
But it seems they never end
And I'm pretty certain this time
That my broken heart will mend
I thought you'd come forever
But I dreamed the whole time through.

I never wanted for anything in my life
But you came right out of the blue.
I never wanted for anything in my life
Oh no
Then came you.

And your gone, how can I live
One more lonely day
I can't survive without your love
I'm here

Well I cried my share of teardrops
But it seems they never end
And I'm pretty certain this time
That my broken heart will mend
I thought you'd come forever
But I dreamed the whole time through.

I never wanted for anything in my life
But you came right out of the blue.
I never wanted for anything in my life
Oh no
Then came you.

I never wanted for anything in my life
But you came right out of the blue.
I never wanted for anything in my life
Oh no
Oh no
Then came you.
