

Better Days

Shy Glizzy

I heard somebody say life is like a battery, gotta have ya positives gotta have ya negatives (aye)

Better days aye

I was thugging at a young agee (uht uht uht uht uh)

Pull up on ya block and make a earth quake

I know niggas tryna murk me, i don't go no where with out my 30 . bitches acting thirsty

Im just tryna see my nigga birthday

Niggas hate me in the worse way, and bitch and a murder case ain't the worst case

Who the fuck mad up hard times anyway? and lord knows i pray for better days And fuck you cowards tried to take my life away Cause bitch I been thuggin since the 1st grade!

Lil nigga rep my turf just like my first name

Make me pull up on yo block and make it hurricane

No mistake , I'ma shooter you a fake

30 on me, nigga you could go today

But I'm just tryina see my next birthday

Better days aye

I was thugging at a young agee (uht uht uht uht uh)

Pull up on ya block and make a earth quake

I know niggas tryna murk me, i don't go no where with out my 30 . bitches acting thirsty

Im just tryna see my nigga birthday

Little bitch they call me Jefe

Driver scoop me up in that Escalade

These niggas tryina test me

So shit bout to get messy

All these niggas acting tough now

Till they get hit with these slug rounds

Glizzy glizzy bitch they show me love now

I got the drugs I know the plug now

I was out there on that corner

Band camp, like Broner

I got what you want now

Baby I can turn you to a stoner

Better days aye

I was thugging at a young agee (uht uht uht uht uh)

Pull up on ya block and make a earth quake

I know niggas tryna murk me, i don't go no where with out my 30 . bitches acting thirsty

Im just tryna see my nigga birthday
