Bitch I'm grown now  
I'm in my zone now

Nigga I be everywhere  
You ain't never there  
Every time I look up see the same bitches everywhere  
Can't wait to get this money, I'm gon' take my niggas everywhere  
Take them pistols everywhere, I got hitters everywhere  
I got bitches everywhere, take them bitches everywhere  
Every time I look up see the same bitches everywhere  
Bitch I come from DC, ask about us, we ain't scary here  
Take them pistols everywhere, I got hitters everywhere

I'm on top of the mountains and I'm screaming fuck the world  
My bitch so bad she look just like a powerpuff girl  
1942, come and take shots 'til you hurl  
I wake up like "who you?", I got some missed calls from my girl  
Chain lighting up the room like I'm a damn electrician  
I got some little buddies tryna see wassup witcha  
And one thing that I learned is that ya never trust niggas  
And if I have a daughter she can't fuck with fuck niggas  
They be like "ay Glizzy, why you still ain't mainstream?"  
I'm loyal to my niggas, bitch we got that same dream  
Underground king, rest in peace to Pimp C  
Bitch I am a boss, can't let a nigga pimp me

Nigga I be everywhere  
You ain't never there  
Every time I look up see the same bitches everywhere  
Can't wait to get this money, I'm gon' take my niggas everywhere  
Take them pistols everywhere, I got hitters everywhere

Remember way back in the slums like Bollywood  
I take an L and get that shit right back, that's on my hood  
Me and all my niggas got straps, I wish you would  
Two racks for my boss bitches, better not get it scuffed  
Bitch you know I'm up, when you see me say wassup  
I keep 'em in a tuck, you should see my runner up  
All my bitches bad and all my bitches got a butt  
Come on with bands here, nigga we ain't playin' fair  
I was really on the block, boy you couldn't stand there  
Came up with a plan yeah, turned up with my mans yeah  
Watch how I go ham if they just give me a chance yeah
