

# Let It Rain

Shy Glizzy

Who the realest?  
Rest in peace that nigga Soulja Slim man  
Free C-Murder

Ain't the one that sit up on the sofa  
I'm the one that tote the gun without the holster  
Somebody told my mama that I owe her  
Because she gave birth to two soldiers  
I remember she had the Corolla  
Look how shit changed, now she got a Rover  
Me and baby three done got older  
Must be fun to see some rich niggas grow up  
I been a real nigga from the get go  
They ain't wanna fuck with me for shit though  
Same old niggas on my dick though  
Lil [?] bossed up and got rich though  
Yeah, yeah

They got my niggas in the court screaming, "Your honor, please!"  
And all these bitches wanna fuck me for my honesty  
Mama done cried for this shit and niggas had to leave  
I'm still thuggin' for forever I'll be double G  
Yeah, let it rain bitch, let it rain  
Go 'head and let it rain bitch  
I promise you that you gon' feel my pain bitch

Yeah, I'm screaming Glizzy Gang forever  
Whole mob up in [?] for the cold weather  
Lately I been going through a lot of pressure  
Promethazine and codeine get my mind together  
All these fuck niggas on the same shit  
Every day instagraming on the same bitch  
I seen a couple niggas in my same kicks  
Tell them lame niggas we ain't got the same limp  
Niggas wasn't really down to ride  
I'm a shit on them, they fuckin' with the other side  
Wooh, and don't worry I ain't got no pride  
I'm gon' make your bitch go rent a whip from Enterprise  
Then I make my nigga do a drive-by  
How the fuck they goin' through a walkthrough  
When them choppers come out you should see them niggas' eyes  
Come here nigga, Jefe wanna talk to you  
Got some niggas on me never see again  
Got some bitches that ain't tryna let me meet their friends  
After this I might go cop a BM  
And pick a nigga bitch up for the weekend  
Yeah, straight gangster shit  
Young Jefe homes

They got my niggas in the court screaming, "Your honor, please!"  
And all these bitches wanna fuck me for my honesty  
Mama done cried for this shit and niggas had to leave  
I'm still thuggin' for forever I'll be double G  
Yeah, let it rain bitch, let it rain  
Go 'head and let it rain bitch  
I promise you that you gon' feel my pain bitch
