This shit is bigger than Rayful Edmond  
Screaming O murder can't do no telling

Oh I, Oh I think they like me  
But I don't got on a white tee  
Walk in the mall and they go pandemonium  
Bitches, yeah they running after me  
Why they got so much excitement  
Cause Migos, Shy Glizzy in present tense  
I thank the plug, he showed me guidance  
We wrap it, pack it, it's already sealed  
I take the pot, I got the finger fuckin'  
It's a million dollars in the dope bucket  
I got the trap game, I got the rap game  
I am the cashier, hand out the gold tokens  
I know they like it cause my diamonds fighting  
Got my pinky ring looking like ice hockey  
Rebuild the trap like I'm Bob the Builder  
Smoke so much gas you might need a filter  
Can't double seal, I don' trust refillers  
Come try my dope, it's so finger licking  
Pull up to the trap with Justin Bieber  
Just to pick up the gas pack in the beamer  
They calling my wrist the new Stanley Steemer  
Young niggas on the block, they cutting off femurs  
Bitches want me in a two seater  
They was sucking and fucking, you should have seen em

My bitch is a stallion come from the islands  
Got birds in the trunk and they sing like the Isleys

You niggas don't like me, I know they despise me  
When I see em pull out the pistol it's a riot  
I didn't go to high school I went to the trap university  
Open the door, chop the top like a surgery  
Made a 30 off a coca key  
Hollows sting like a bumble bee  
I heard that she like it when the diamonds dripping  
33 birds in the trunk, Scottie Pippen  
Louboutin, off a king cobra  
My arm got the hammer, no baking soda  
Your bitch got that wet, the Pacific Ocean  
Stretch her, bend her over like a Rover  
Your bitch on her knees, eat the latex  
She a dirty bitch so we have safe sex  
I like she ducking, these prices my diamonds  
Mike Tyson burn a nigga like it is I play with keys and you play with fire  
Black on black violence cause you wasn't solid  
Got the fire in my pocket, no lighter  
Your bitch is coming straight off the dope, she no rider  
Pass the lil bitch to my partners like flyers  
Like my attire, I didn't have to buy her  
Whipping the brick, put it under the dryer  
I got babies, they don't need pacifiers  
You cuffing that bitch that my niggas done hit  
She sucking the dick you need to go retire
