[YoungBoy Never Broke Again:]

These niggas ain't hard as they speak
Left shots from the yard to the streets
These niggas facecard say deceased
If he play, put that boy underneath
I pray for my deacon, stand up and I preach
I'm preferring that chopper whenever I preach
Had to run up a sack, I ain't never gon' leech
Put Off-White on my back and Dior on my sneaks
When you talkin' that boy, we serve it better
Thirty hang out that pole, beyond steppers
We be stretchin' that dope for non-helpers
Every day we gon' roll, we all felons
Shawty a fool, admit that shit pressure
She sellin' them arms off her own celly
In the cell we don't crack, ain't nobody tellin'
I'ma rip me an app, put it up, I bet it
On the stage for that bag, ain't nobody smilin'
I got choppers and masses, you get the message
When they try to get to me, I up and pop it
They say shit to get to me, I never let it
That shawty so bad, I'ma beat her body

Thirteen grand on a bracelet, it cost eleven
Niggas bitches, they talkin' too much, I'm steppin'
Everybody around me, they strapped and ready, gang
