Scar on my chest, Fuck bitches you can blame my ex
I wanna marry Nicki Too, I might just sign with we the best
You ont got them bricks do you? Naw I'm just tryna finesse
When I was 13 I had a best friend named Pedro
Pedro he the plug now, he get it by the case load
He gone keep em coming long as there ain't no delay yo
All these niggas round me shooters they Go when I say So

Snow Angel

I'm so high that I can make a snow angel

Snow Angel

Its a cold world and I feel like a snow angel

I think I seen my Enemy the other day
He seen me, turnt around and went the other way
I think I seen my old ho the other day
She said she want me back it ain't no other way
My cousin got smoked yesterday, put bullets in his Chevrolet
Everywhere even in his face, Bang Bang Glizzy Baby
And I been getting money I ont know what they doin
I made a snow angel from all that salt they throwin
I'm gonna go buy a brick in the morning
And if you ain't hittin you needa join it
Its Glizzy Baby, Glizzy Gang Baby
Niggas caught me lackin, they ain't have no aim baby
I'm the man now and I'm bout to cop a range baby
I know the man now and he got cocaine baby
So much damn Coke that I can build a snow angel
Rest In Peace Grisilda Blanco, She a snow angel
