

Ungrateful

Shy Glizzy

[Hook:]

We been getting all the money
They think we joined the Illuminati
Stunting outside in a Bugatti
Bitch, you hit the lottery
I'm tired of all this damn arguing
It's a blessing to be around me
How you're not happy?
What you mean you're not happy?
Ungrateful bitches never happy
How you're not happy?
What you mean you're not happy?
Ungrateful bitches never happy

[Verse 1:]

Asking the whole team, baby
Can't chase you
I'm chasin' dreams baby
She say, 'What you mean, baby? '
Glizzy, Glizzy, bitch
I'm a star
This stupid ho keep on complaining
Who the fuck is her
Had this one bitch named Toya
Beat that pussy up like De La Hoya
Told me she not sleeping in no courtyard
Just bought her a Goyard
Telling all her friends how I do her
That pussy so good that I go raw
I found my first bitch at the playground
She shot me in my heart like a fucking tray pound
I swear that bitch was so goddamn ungrateful
I stop flying her around and put her on a Greyhound

[Hook]

[Verse 2 - Percy Keith:]

That gangsta shit they talk I did ten times
I got feelings, too, I'm just not in mine
They say nothing lasts forever
I hope this lasts forever
As long as you forever keep your hips and ass together
If I use the wrong expression you gonna get the wrong impression
Lortabs and codeine, no headaches or congestions
Come on
Let's be honest
You can't hide your disdain
Instagram pictures on diss game
I know my bitch missing my dick game
Waving your' gun at me
You're just a wanna be
I'm what you wanna be
I'm who you wanna be
Stunting in front of me
Nigga don't stunt on me
You just a bum to me
Did what you gonna be

Bitch wanna run with me
Come to me once a week
Running her tongue on me
Seem like the one to me
Fuck brothers calling me country
Lil bitch bet not fuck up my money

[Hook]
