We keepin it real, and hold on tight to your steel

Let them caps peel, one by one

And laugh while the nig run

He shoulda been packin his gun, now he gone

In the wet staircase shaft, now watch his man snitch

To tha police, but them no worry me son

I ain't trying to get back it'd be my third felony

Pataki he want to see us, criminals fry

In the electric chair, but my spirit will never die

A true project nigga, I won't hesitate

To pull the blaow, peace to all busy niggaz

One love y'all stay safe

And f**k you, officer brown, peace to that nigga case

Chorus: repeat 4x

And mayor gulliani, that cracker boy full of shit

Them think them bad, 'cause they carry, glocks and badges

And when I'm pimpin in my green acura

They pull me over, like I stole it from some nigga

But all my paperwork is legit

Registered insured in my name, so y'all pigs can shit

Police be cockin me like I'm some dime piece

A g from the street so I can never turn beast

Chorus

There's crooked cops, that's why they get shot by tha minute

If you were criminal and you ready to represent, kid

It's on like this is war, all my brothers in the hood
