We lose

Yet we want to spare the feelings of those we love Don't cry

We've all lied

But there is always room for forgiveness my friend

So don't treat me bad just be glad I am strong I know where I belong

And soon you will see we are blessed and complete There's a place here for you with me

Shine

You're fine

See I will always have a smile for you my love And still

We will

Be ok and along the way we'll learn a thing or two

So don't treat me bad just be glad I am strong I know where I belong And soon you will see we are blessed and complete

There's a place here for you with me

So don't treat me bad just be glad I am strong I know where I belong And soon you will see we are blessed and complete

There's a place here for you with me

Don't treat me bad just be glad I am strong I know where I belong
So soon you will see we are blessed and complete There's a place here for you with me

Don't treat me bad just be glad I am strong I know where I belong
And soon you will see we are blessed and complete There's a place here for you with me

So don't treat me bad just be glad I am strong I know where I belong, where I belong And soon you will see we are blessed and complete There's a place here for you with me

So don't treat me bad just be glad I am strong I know where I belong, where I belong And soon you will see we are blessed and complete There's a place here for you with me

Don't treat me bad just be glad I am strong
I know where I belong
And soon you will see we are blessed and complete
There's a place here for you with me
