

## Kept in Check

## Sick of It All

Listen, we won't give up on our freedom  
Even as we're beaten to submission  
Even as they want achievements on their terms  
Rulings to be followed to the letter

What a joke, it's so chaotic  
There's no control  
It's so chaotic  
We reject their law

They've paid for these things before  
And still nothing's different  
They've paid for these things before  
And still nothing's different

Pity we don't qualify as equal  
Pity we're not worthy of the same rights  
Even as humiliation keeps us down  
Honor makes us want a better life

What a joke, it's so chaotic  
There's no control  
It's so chaotic  
We reject their law

They've paid for these things before  
And still nothing's different  
They've paid for these things before  
Nothing's different, not at all

We're desperate and lost, helpless  
And they want respect from us, helpless  
As we're kept in check, helpless  
We're kept in a living death, helpless
