

Go For It

Sidewalk Prophets

Life is a starting line
It can happen any time
This is what you're made to do

Just let your heart believe
Give in to your wild dreams
Live them like they're coming true

On your mark
On your mark
Ooooh
Ready set, ready set
Gooo

You've got to go for it
(Just go for it)
Show up and swing for the fence
Call the shot and give all that you've got left
And go for it
Just go for it
Cause there's no way to rewind
Time to lay it all on the line

Don't give up
Don't ever give in
You've got to go for it
Eyes on the prize
No doubt in your mind
You've got to go for it

No we're not looking back
Find us on the fast track
Nothing's gonna stop us now
We'll make 'em wonder
Listen to the thunder
When our feet hit the ground
[repeat]
