

## Love As Warm As Tears

Sieges Even

Walking inside your room I feel as if I'm lost it was last year June  
When you went out of sight but not out of mind  
And I had to stay and put the past behind wandering around the  
brine  
We're often used to stare at in summertime  
I feel as if you stand on the waterside  
Don't you think there's something left untried standing at the  
place we met  
I agree to be as you said have to laugh about myself yeah I do;  
yeah I do  
I should cry about myself and my sick behaviour  
But I can't keep a straight face I don't know what I should do  
I feel totally displaced I feel out of place  
What you've said to me left a strange flavour but now I am amus  
ed  
It seems, I hope, I feel that I'm out of danger I just can laugh  
h  
Driving the streets we drove I feel you be my side I make my ey  
es rove  
But when I see the plain where we used to stop at  
A voice inside my brain said let curtains drop that was the pla  
ce of sorrow  
This was the place of joy here I forgot tomorrow  
This was where pleasure and joy alloy mission, seclusion - a ki  
nd of dissolution  
Ruction, destruction - a falling reconstruction  
Vexation, collision - object of derision  
Tension, addiction - omnipresent friction it was a time of sorr  
ow  
It was a time of joy when I forgot tomorrow  
It was where pleasure and joy alloy love as warm as tears  
It is a precious veil love is as cold as dark fear can be a hur  
ting nail
