Cruel

How can you be so indifferent I can't believe you meant what you said I may not be your dreamy prince But I don't deserve any of this

So hey... Hey... You don't have to be cruel You don't have to use those words For long I've been a fool But now i can see clearly who Comes first

We used to go out and drift away You always had nice things to say Now we don't even talk anymore Nothing is like it was before

But hey... Hey... You don't have to be cruel You don't have to use those words For long I've been a fool But now I can see clearly who Comes firts...

Those words... comes first...
