

She said, "I don't want to be like him, his voice makes every tales grim"
She can't find another mind
Even if she goes blind
"I don't fucking need this shit
Why do I have to wipe out his dirty spit ? "

She can't take it any more
There's nothing to adore

Burn them out, burn them out

She sets fire to rotten world
To get higher more than before
Then She's gone and is never coming back
She sets fire to her own life
Shoot that sky with forty-five
Then She's gone and is never coming back

Rain is only thing she can trust
She left her heart to rust
Cut the chain to walk away
She hates to obey him
If the time calls it "a past mistake"
Since will never be forgiven like a chronic ache
She had to MAH a choice before she lose her voice do or stay him toy

Burn them out, burn them out

She sets fire to rotten world
To get higher more than before
Then She's gone and is never coming back
She sets fire to her own life
Shoot that sky with forty-five
Then She's gone and is never coming back

Just like a boring kissing scene the movie
Or stupid comment of double-tongued foodie
I don't give a shit about her checkered career
But I fucking hate men like that

Why don't you integrate yourself
In society called "concrete jungle"
Try not to cause a stumble
Hey, Mr. Chameleon change color to vermilion

She sets fire to rotten world
To get higher more than before
Then She's gone and is never coming back
She sets fire to her own life
Shoot that sky with forty-five
Then She's gone and is never coming back

Burn, burn them out
Cut the chains and live your life
Tomorrow is so bright
