

# DIAMOND

SIM

I see diamonds in the sky  
Diamonds in the sky

The things in my eyes just slowly fade away  
This pain never does me wrong so I will not stray  
Should I stay here and pray to a stature in a shade?  
I worry about today, not the next decade

Let me up off my knees  
I still believe there's something I need see  
Fly through the trees, over the seas  
Searching everywhere to be free again

Tell me, what do you see (when you see me)?  
Tell me, what do you see (when you see me)?  
Don't call me a monster  
I've just got my wings

Yeah, I got the wings  
Yeah, I got the wings on my back now  
Yeah, I got the wings, got the wings on my back

No one knows what comes next after this straight  
This cold always makes me feel isolated  
Should I stay here and pray to change my fate?  
I am the one who open the gate

Let me up off my knees  
I still believe there's a place to be  
I'm ready to leave here right now

Tell me, what do you see (when you see me)?  
Tell me, what do you see (when you see me)?  
Don't call me a monster  
I've just got my wings

Break it! There's no time to cry  
You think you've got me mesmerized?  
You won't see me open my eyes

Don't preach, just give me bloody truth  
Get going or freeze, do what you're supposed to do  
You'll sleep like it's the last night of your life

I draw a lines before you  
Chase me now, if you can somehow

Tell me, what do you see (when you see me)?  
Tell me, what do you see (when you see me)?  
Don't call me a monster  
I've just got my wings

Yeah, I got the wings  
Yeah, I got the wings on my back now  
Yeah, I got the wings, got the wings on my back
