

MAKE ME DEAD!

SIM

Just say nothing because your words let you drown
so take off your dressing gown
forget about what happens in town
why don't you take a little lie down?

nights like these made me complete
my excuse is "let it be"
how stupid of me, I should've told you

hate me, hate me, go ahead
baby, say it "get out of my head"
you made me stand up
make me fall down at this time

hate me, hate me, go ahead
baby, say it "get out of my head"
it's all I need from you

at the end of the line, I'm sick of wine and dine
these memories are not mine
hate me, hate me, go ahead
hate me, hate me, make me dead
hate me, hate me, go ahead
shut up and make me dead

When I opened my eyes I was running with on a burning mountain
there were crows, zombies, and green apples
then a policeman came and told me
"drop your weapon, put your hands up
get on your knees, don't stand up
I know you don't mean to hurt anyone
but I still can't let you have a shotgun"

nights like these made me complete
my excuse is "let it be"
how stupid of me, I should've told you

hate me, waste me, erase me

make me dead
baby, say it "get out of my head"
you made me stand up
make me fall down at this time
hate me, hate me, go ahead
baby, say it "get out of my head"
it's all I need from you

at the end of the line, I'm sick of wine and dine
these memories are not mine
hate me, hate me, go ahead
hate me, hate me, make me dead
hate me, hate me, go ahead
shut up and make me dead
