

# Let There Be Love

Simple Minds

Secrets of lovers  
Whisper tonight  
Broken down angel  
Got lost in the cold daylight  
The city is screaming  
And I look for your eyes  
Someone to lean on through the night  
Your music talks to me and hits me tonight  
One candle burning, I hear your voice say

So let there be love  
Let there be love  
Love  
Let there be love

It heals and it hurts  
She leads you to heaven's door  
And leaves you for dirt

Someone to lean on, that's your own  
Some magic conquers me and lives in my soul,  
She comes like an ocean and I hear you sing  
Love will conquer anything

So let it be love  
Let it be love  
Love  
Let it be love

The wall's down  
They're coming down  
I can't slow  
I know it now  
So stay now  
Hold on  
And I'm praying

So let it be love  
Let it be love  
Love  
Let it be love

I know what I want  
I know what I feel  
I know what I want

So let there be love  
So let there be love  
Let there be love
