

Believe In Me

Sing It Loud

I can tell how you love by the look in your eyes
I can feel the warmth in every song that night
We spent all alone with nothing to do
Baby I just want to burn brighter for you
'Cause I always thought no matter what a smile could make you stay
But now that you're gone it feels like my love is million miles away

Give me your heart girl
Hold on to inside girl
All I want to do is get closer to you
And now that your gone I don't want to move on
Even as we speak, you'd fall faster for me
If it takes some time, just to let your life
Find its way home to me
Then I'll give you my heart girl, hold on to inside girl
All you have to do is believe in me.

As I lay in the back of the pills and the jack
Can't keep you away from me,
And the hell I got through, Everyday without you
Baby! I'm burnin' slowly
'Cause I always thought no matter what
A smile could make you stay
But now that you're gone it feels like my love
Is a million miles away

Give me your heart girl
Hold on to inside girl
All I want to do is get closer to you
And now that your gone I don't want to move on
Even as we speak, you'd fall faster for me
If it takes some time, just to let your life
Find its way home to me
Then I'll give you my heart girl, hold on to inside girl
All you have to do is believe in me.

'Cause I always thought no matter what
A smile could make you stay
But now that you're gone it feels like my love
Is a million miles away

Give me your heart girl
Hold on to inside girl
All I want to do is get closer to you
And now that your gone I don't want to move on
Even as we speak, you'd fall faster for me
If it takes some time, just to let your life
Find its way home to me
Then I'll give you my heart girl, hold on to inside girl
All you have to do is believe in me.
