

# Presage Of The Mindless

Sinister

Hear me roar, god of infidelity  
Be obedient to the past  
See what others might have not  
Hear the roar of the infinite wrath

Revenge is a virtue  
Blood red murder  
Hear what others might have not  
See the pain from the infinite wrath

Strange values presently among us  
Right is wrong, day is night  
Misbehave of leaders and their sheep  
Follow me I'll be your king

Confirm your lack of faith  
Confess or be forgotten  
Concede to your weakness  
Follow me! I am your king

Feast upon the living  
Wisdom will be destroyed  
Like a gun calling for duty  
Or a knife pierced  
Throughout your throat

In sickness and in health  
Death is upon your side  
Hail Jesus, god of sin  
Step aside! I am your king

Burned, stabbed and slaughtered  
Senseless lunacy  
Like a stream of everlasting pride  
Enshrine this sign

Wake up from this dying world  
Lesser man of life  
Dreaded by the unholy  
Not a king, just a lie

Officer of a lesser god  
Gutted in your church

Sacramental weakness  
Historic failure, died on the cross  
Historic failure, died on the cross  
Historic failure, died on the cross  
Historic failure, died on the cross

Officer of a lesser god  
Gutted in your church

Wake up from this dying world  
Lesser man of life  
Dreaded by the unholy  
Not a king, just a lie

An oblivious explanation  
Yet... difficult to see  
Manipulated offspring  
Children of misery

Confirm your lack of faith  
Confess or be forgotten  
Concede to your weakness  
Follow me! I am your king

Sacramental weakness  
Historic failure, died on the cross  
Historic failure, died on the cross

Presage of the mindless  
Presage of the mindless  
Presage of the mindless  
Gutted in your church

Presage of the mindless  
Like a stream of everlasting pride  
Presage of the mindless  
Enshrine this sign, everlasting pride, fulfill the lie
