

# Storm In My Mind

Sinister

Sail the sea  
Ship of dreams  
Things aren't always as they seem

Spinning thoughts  
Inside my head  
Thinking now of what's ahead

What is false?  
What is real?  
There's no knowing how i feel

Sail the seventh seas  
Who will rule the world next  
They will bring you to your knees

The storm is in my mind

If there is  
Will a care  
At my brain thoughts will tear

I want to live so fast  
How long will a last  
I live from day to day  
I watch my brain decay

Feel the current pull you in  
Feeling your all along  
Feel the fire burn within  
Death has no begun
