

The Hornet's Nest

Sinister

Trial of jesus acts of disbelief
Menacing madness crowned to a king of thieves
As blood runs with mercy, all hope is lost
Grand finale—crucified to the cross

Splitting and paring
Innocence is lost
Mutually exclusive confined to the sword
Raising the infants, the demon still awaits
The burden of mankind—infinite—full of hate

The Christian soul seeing sin for what it is
Fake ideas and tribulation
The demon still awaits

The hornets nest
The hornets nest

Being exiled from the council of gods
Visions of the afterlife
In secrecy they are sworn
