

The Sin of Sodomy

Sinister

The sin of sodomy
Imprisoned and ruined
Defend the honor of his master
The seventh circle
Now stricken and broke
Indulging in the pleasures of both

The sin of sodomy
A righteous lobotomy
The sin of sodomy
Now stricken and broke

Enveloped in the tumultuous winds of lust
Soul filled with grime and smut
A repulsive trail of rot in her wake
Vestal virgin, no doubts who's soul to take

The sin of sodomy
A righteous lobotomy
The sin of sodomy
Now stricken and broke

The wrath of god
Wrongful death it seems
No matter if it is wrong or real

What is forgotten?
What will return?
Is this the path of endlessness

The sin of sodomy
A righteous lobotomy
The sin of sodomy
Now stricken and broke

The sin of sodomy
