

Ready For Your Love (high)

Sioen

I cant find the words
ready for your love
talking in reverse
ready for your love
I am being crazy
ready for your love
laughing so it hurts
ready for your love

dizzy dazed and dazzled
ready for your love
my heart is beating faster
ready for your love
gravity is fading
I am ready for your love

Im spinning
through the air
ready for your love
set the sails to joy
ready for your love
wind me up like a toy
ready for you love
a chinese wall
of hapiness
Im ready for your love
Im your crazy boy
ready for your love

high

I cant find the words
ready for your love
talking in reverse
ready for your love
I am being crazy
crazy about my love
so happy it hurts
ready for your love

high

Im in love
