

## All in My Head

SiR

I should be leavin', I should be walkin' out the door  
Don't really need it, but you keep me wantin' more  
Thought it'd be easy, letting go is what I do  
So why are my feet nailed to the floor  
Why am I holding on to you

Why was last night the first time I felt anything in a long time  
Feels like Imma fall hard said my cold heart made up its own mind  
Love ain't what I came for, but it's here now, and it feels good  
You told me you were special, and you meant what you said  
I don't wanna leave this bed

Baby you're all in my head  
All in my head [x5]  
Baby you

Maybe I'm crazy, maybe I'm making a mistake  
But who's gonna save me  
Who's gonna say I'm wrong to stay  
But you so amazing, it started out as fun and games  
I didn't know we'd swim this deep, and she didn't know I'd be a fraid

Last night was the first time I felt anything in a long time  
Feels like Imma fall hard said my cold heart made up its own mind  
Love ain't what I came for, but it's here now, and it feels good  
Told me you were special, and you meant what you said  
Now I don't wanna leave this bed

Baby you're all in my head  
All in my head [x5]  
Baby you...
