

Crashing Down

SiR

Falling, doesn't seem so wrong
Why have we been holding on so long?
Standing on the edge of cloud 9
Hoping we can stay and play it safe another night
But it's time to let go, let love take control

We should let it all come crashing down
Just let it all come crashing down

I don't even know if we'll survive
But we will never make it if we never even try
So I say
Let it all come crashing down

Let it all come crashing down

If we make it isn't up to us
All we can do is pray we land on love
It may seem like we're too moving fast
But the only way we can make it last
Is to take a breath, close our eyes and jump

We should let it all come crashing down
Just let it all come crashing down

I don't even know if we'll survive
But we will never make it if we never even try
So I say
Let it all come crashing down

Let it all come crashing down
Let it all come crashing down
Let it all come crashing down
