

SUGAR

SiR

Maybe I'm crazy
Maybe I'm out of my caramel mind
But do you hear what she saying?
She wanna be my dinner by candlelight
And she ain't playing
Been out on the road, so I know I need it
She can serve it up, I already seen it
Nothing compares to the love I've been making

Just a taste would be too much
She might be my flavor but that ain't enough
It don't get much sweeter than this
You may be tempting but it ain't hard to resist

I know what's waiting for me at home
The sweetest honey keeps calling my phone
Sometimes my appetite for love is outta control
But I know what's waiting for me at home

Feeling so empty
I've been away
I've been away for so long and I know sugar miss me
Didn't know it would be this hard to be strong
Honey tryna convince me
She could be the melody nobody hears
And in this game of love ain't nobody playin' fair
She swears that I'm broke and she's gonna fix me

But just a taste would be too much
She might be my flavor but that ain't enough
It don't get much sweeter than this
I may be tempted but it ain't hard to resist

Ohh I know what's waiting for me at home
The sweetest honey keeps calling my phone
Sometimes my appetite for love is outta control
But I know what's waiting for me at home

She's waiting for me at home
She's waiting for me alone
