

War

Sir

I'm not backing down
I made it too far to say that the war is over now
Somehow I was neglecting the fact
That your heart is what you're protecting
And that makes it special
Which is why I'm here
Standing on this ledge, trying to make it clear

I'm ready to fall for you
I've been waiting too long
I've gotta fight for us
And I know I'm right where I needed to be all along
So until I have your love
There's no surrender, no retreat
I'm never giving up
Until I sweep you off your feet
(I need your love, your love, your love, your love)

Yes I, let you down
I wasn't the man you wanted to fall for the first time around
Ammunition just wasn't sufficient
The bullets in my pistol kept missing your heart
But I'm pre-loaded
I just walked out and got you open

I'm ready to fall for you
I've been waiting too long
I've gotta fight for us
And I know I'm right where I needed to be all along
So until I have your love
There's no surrender, no retreat
I'm never giving up
Until I sweep you off your feet
(I need your love, your love, your love, your love)

Oooh, I need your love, your love, your love, your love
I need your love, your love, your love, your love
Girl, I need your love, your love, your love, your love
