

# Tonight

Siti Nurhaliza

I've always thought about the things that I need close to me,  
I've never been able to let go so easily  
If only they taught love inside of all those history books  
I'll teach you to love me and we will never end

So can we go,  
Turn back time  
Go back to a place I keep you in my mind  
You're all I know  
You're all I need  
Can I cast a spell to keep you here with me

Everybody's tryna keep you  
Away from me  
Is it not right to be with you  
And be all you need  
Cos I get so lonely when you're not here  
So stay with me  
Stay with me tonight (tonight, tonight)  
Stay with me tonight (tonight, tonight)

I've never thought love so magical was meant to be  
I've seen it in movies but I never thought it was meant for me  
But when you came into my life I felt brand new inside  
You hold my hand and said my name and looked into my eyes

So can we go,  
Turn back time  
Go back to a place I keep you in my mind  
You're all I know  
You're all I need  
Can I cast a spell to keep you here with me

Everybody's tryna keep you  
Away from me  
Is it not right to be with you  
And be all you need  
Cos I get so lonely when you're not here  
So stay with me  
Stay with me tonight (tonight, tonight)  
Stay with me tonight (tonight, tonight)

Tell me if I promise  
Promise that I give you  
Everything you see and  
Someone you believe in  
I'm supposed to be the  
Be the only one you  
You ever need to love

Everybody's tryna keep you  
Away from me  
Is it not right to be with you  
And be all you need  
Cos I get so lonely when you're not here  
So stay with me  
Stay with me tonight (tonight, tonight)

Stay with me tonight (tonight, tonight)
