

# Don't Give It Up

Six60

Don't give it up  
I'm telling you  
Telling you  
Telling you, I  
Won't give it up  
No, no, no  
So don't even  
Don't even  
Don't even try

People lie  
All they do is dance between the lines  
They won't change  
Fake gold chains  
And shades to hide those eyes

I can't complain  
Its just the nature of these times, times

Don't give it up  
I'm telling you  
Telling you  
Telling you, I  
Won't give it up  
No, no, no  
So don't even  
Don't even  
Don't even try

I was you, trying to find a way  
To waste my youth  
Ups and downs  
Round and round  
The world, it turns on you

I can't complain  
Its just the nature of these times, times

Don't give it up  
I'm telling you  
Telling you  
Telling you, I  
Won't give it up  
No, no, no  
So don't even  
Don't even  
Don't even try
