

Bold and tell them that them
Trap done stand cold
Them fighting for silver and gold, yo
Rastafari black sheep inna fold, yo

Love and that nah put away any frown
What goes around comes forward around
I couldn't freak, couldn't frolic
We bun the circus clown

Chi, chi, man could never sit on Rastaman throne
Char them with words fire and sound
Pon the wicked heart, we deh go dash brimstone
If you say you love, love must already at your home

Or else you must be an alien from not around
The bloody man is very deceitful to his own
Inna the red sea pharaoh and his squad, he, them drown
Pharaoh watch him pretty city going down, ay
Who, a who run the zone, hey

Aznaldo, Aznaldo
Rasta plea the ghetto youth cause
Well then Aznaldo, Aznaldo, yea
If you love and love is your reward

Then again black people uno fi stop shed uno blood
Live inna unity, yea, come we say blessed love
From wence I came so from then I was
Uno lift the ghetto youth them out of the mud
Mi foot it, clean it, nah want not a scrub

Woman gone ah stream, she ah fire bun the tub, oy
Yo, tell me who that you they rob
That's why you so malicious, you deh hate and you deh grudge
Babylon so slippery like the soap and the sud

Babylon city full, ah, wire it bug, yah
Jah, bless the warrior because them nah fi budge
Babylon the Binghi melt it down like fudge yo

Live in love and love is your reward

Want for you fi know one time fi love yourself for now
No need for the knife no need for the gun

Black people govern the earth and stop run down the guile
