

# Smoke Marijuana

Sizzla

Yea (herbalist) smoke all day  
Let music keep on play

Sometimes the things you need in life may be difficult  
Not all the time its gonna be easy  
A so it go  
Smoke the marijuana and get high  
Stay above the wicked and fly  
Im feeling so very good about myself  
Babylon aint feeling good damn thats there problem  
I smoke the marijuana and get high  
Stay above the wicked and fly  
Ah when Ive got problem at home domestically  
And my girl she just wanna quarrel me  
I smoke the marijuana and get high  
Stay above the wicked and fly  
Love is the order of the day you better find it  
Im a big man I put my problems behind me  
I smoke the marijuana and get high  
Stay above the wicked and fly

Cause Im so confident in myself  
Theres nothing nor no one that could get to me  
Not even the damn system so listen properly  
Right now Im merry and cherry and living happily  
If those Babylonians mess with us today the music a play  
I smoke my problems away  
Me an couple of my friends were just chilling on the corner  
Listening to the music from Jamaica to Bahamas  
Yea we decided to go link the farmer  
Need something for the brain its the marijuana  
Happy as a lord when the good vibes stir up  
When the chanting start you get burn you few corrupt  
We smoke all day an still we got the herbs or a ???  
Dont you Babylon erupt  
We give thanks for this day we keep the meditation  
Music and more music we burn the pagan  
No if no buts no arguments  
Marijuana is my only sacrament

I smoke the marijuana and get high  
Stay above the wicked and fly  
Smoke the marijuana and get high  
Give thanks and praise ises high

All when Babylonians going down  
Rasta man still request a hundred pound  
Blaze up the chalice and we pass it around  
And if Im a by myself I go smoke it alone  
We got the skunk to make u drunk it make u rock it makes u bounce  
We got the diesel the easel we go enough for the people  
We got the hydro to rise you  
Smoke and get wiser  
Chalice hafe blaze we smoking purple haze  
Smoke the marijuana and get high  
Stay above the wicked and fly
