

Do the moonhop

Skarface

Just dance the moonhop
And the rocksteady can do the dog too
Or that old moonstomping
Ska dancing is on the way
Hail that skinhead jamboree
Wherever you come from you can choose and play it your
own way
From roots traditionnal to hardcore in north-american way
Mix it with Punk rock, Soul or Reggae if you feel that
it's OK
In Ska there's no limit to get in good mood the rest of
day
Listen the moonhop
And hear it Bluebeat
Skacore or Skunk rock
But come to skank it
