

Midnight hour

Skarface

I'm gonna wait till the midnight hour,
That's where my love use to troubling down
I'm gonna wait till the midnight hour,
When there's no one else around.
I'm gonna take you girl and hold you,
And do the things I told you! In the midnight hour...
I'm gonna wait till the stars come out
To put that trigger in your arms
I'm gonna wait till the midnight hour
That's where my love begin to shine
You're the only girl I know
And I really love you so!
