

Heavy Metal Sacrifice

Skelator

Torched and blazed, final days
I have no time to live
Drank a lot, puked a lot
I'm waiting for my soul to give
Thrashed around, slammed to the ground
While the posers stand and sit
My throat's a wreck, break my neck
I'm stuck in this fucking pit

(Chorus)

Heavy Metal Sacrifice
Heavy Metal Sacrifice
Heavy Metal Sacrifice
It's going on tonight

Heavy Metal Sacrifice
Heavy Metal Sacrifice
Heavy Metal Sacrifice
We're putting up a fight

Raise your voice, make some noise
Scream loud and pump your fist
Ripped your shirt, now you're hurt
So yell because we're fucking pissed
Burst your ears, shed some tears
They'd better play on ten
Bang your head, until you're dead
Let the insanity begin

(Chorus)

Now at home the show goes on
We raise our flageons high
We drink tonight, we got the right
Heavy Metal will never die
I will never die
WE WILL NEVER DIE!!!

(Chorusx2)

FUCK YOU!!!
