

Across the centuries, all over this world
We have been hiding from the view of everyone
I am immortal, I am a watcher
Observing your history as a witness in the dark

Lightning in the air
Fire in the sky
Steel will clash with steel
Gathering the storm
Quickening my blood
I can never die
There can be only one

We came here for honor, we came here for glory
We cry out for freedom with vengeance in our hearts
It is forsaken, it is dishonored
It is forbidden to fight on holy ground

Life is cheap but death comes easy
Save for some

Lightning in the air
Fire in the sky
Steel will clash with steel
Gathering the storm
Quickening my blood
I can never die
There can be only one

"From the dawn of time we came...moving silently down through the centuries. Living many secret lives, struggling to reach the time of the gathering, when the few who remain will battle to the last. No one has ever known we were among you...until now."

Shattering windows, the storm is now here
Surging with power I now scream into the night
Decapitation, your power is mine
I now stand here as the last demigod

Life is cheap but death comes easy
Save for some

Lightning in the air
Fire in the sky
Steel will clash with steel
Gathering the storm
Quickening my blood
I can never die
There can be only one
