Rhythm of the Chain

Skelator

```
I'm walkin' down the street
Rocking to the power of the thunder beat
Excitement in the air
People all around me stand and stare
The fire's in my brain
Everybody thinks that I'm insane
I just want to SCREAM!
Through the night, all right,
tonight

Feel the Rhythm of the Chain
Gonna have a heart attack
Feel the Rhythm of the Chain
You know I'm coming back

I don't read the news
Everything they say isn't true
I can't find a slob
I don't give a shit
'Bout all you
motherfuckers in the government
You know I'm coming back!
```
