

Stand Up (For Rock and Roll)

Skelator

We're rocking, we're rolling
We're burning up the stage
We're fighting with lightning
An electric ecstasy
We're shaking the nation
We're proud of what we play

We rise for Rock and Roll
With our heart and soul

Stand Up... Stand Up... Stand Up For Rock And Roll
Stand Up... Stand Up... Stand Up For Rock And Roll

Exploding, reloading
We're tearing down the scene
Excitement, delightment
You know just what I mean
Sensation, vibration
We bring you to your knees

We rise for Rock and Roll
With our heart and soul

Stand Up... Stand Up... Stand Up For Rock And Roll
Stand Up... Stand Up... Stand Up For Rock And Roll

Rock

No, no, no, no, no...

Stand Up For Rock And Roll

Stand Up... Stand Up... Stand Up For Rock And Roll
Stand Up... Stand Up... Stand Up For Rock And Roll
Stand Up... Stand Up... Stand Up For Rock And Roll
Stand Up... Stand Up... Stand Up For Rock And Roll

Stand Up... Stand Up... Stand Up For Rock And Roll
Stand Up... Stand Up... Stand Up For Rock And Roll
Stand Up... Stand Up... Stand Up For Rock And Roll
Stand Up... Stand Up... Stand Up For Rock And Roll
