

Don't Be Denied

Skeletal Family

Don't be denied, what is yours
You have a right don't you
Tell them everything
Tell them what you believe
Tell them what you believe

When the sun rises
You've got to prove it
Pulling out your 45
Tell them everything
Pulling out your 45

Duel in the midday
Right against the wrong
Don't be denied
Don't be denied

Alking in the sun
Down the empty streets
Fighting for justice and peace
Could it be eternally
Fighting for justice and peace
Fighting for justice and peace

Duel in the midday
Right against the wrong
Don't be denied
Don't be denied

Duel in the midday
Right against the wrong
Don't be denied
Don't be denied
