

## Just a Friend

Skeletal Family

questions need of answer and answers need explaining  
sometimes I feel anger and sometimes I feel low  
questions you ask me explaining how I feel  
will you love me tell me that you know

motions drive me, my desires won't leave me  
not knowing how I feel, take me as a friend  
take me as a friend, take me as a friend

physical attraction the heat of the night  
men desire the chalet of satisfaction  
questions you ask me, answer in my mind  
give me more than, more than just attractions

motions drive me, my desires won't leave me  
not knowing how I feel, take me as a friend  
take me as a friend, take me as a friend

conversation you give me inspiration  
you my story, listen to my heart  
you, how awful, look inside my head  
you understand me did you play the part

motions drive me, my desires won't leave me  
not knowing how I feel, take me as a friend  
take me as a friend, take me as a friend

motions drive me, my desires won't leave me  
not knowing how I feel, take me as a friend  
take me as a friend, take me as a friend
