One day when I was in my mother's room
My dad said "hope you know there's greatness coming soon"
They took my fingerprints, they put me in a room
But my visa coming soon, revenge coming soon
Who can they name in the US? Everybody gonna say You S
Reluctantly cause most them rappers don't fuck with me
look like Jay in '96 they can't fuck with me
Drop Konichiwa, that's the Blueprint, now you're stuck with me

We predicted you would switch up
When we made the plan thick head
See them fuckin' with my style when I'm in Japan
Cause the man makes the clothes
The clothes don't make the man
I bow my head, they say Konnichiwa and shake my hand
Yeah, we turned destiny into a liquor party
Pyramid stage, now they think I'm Illuminati
I'll give your girl that Slick Rick, that la-dickda-di
Tell your mommy, tell your sister, your aunite, we're coming soon
